

Application Guide

Tools & Supplies: Empty spray bottle, pump sprayer, hard bristle brush, scrub pad, floor buffer w/applicable pad, wet vac extractor, pressure washer, water, gloves, goggles, clean rags.

Intended Use: Multi-Purpose heavy duty cleaner and degreaser, safe to use on virtually any surface.

Directions: Always test surfaces for color fastness and material compatibility, especially plastics and dyed materials.

1. Dilute with warm water using the guidelines below.
 2. Always spot test on an inconspicuous area.
 3. Apply diluted Soy-It™.
 4. Leave on surface for 1-2 minutes. Heavy soil or grease may require scrubbing.
 5. Wipe or rinse off. When spot treating carpet or upholstery, blot dry with a damp cloth or towel.
- 4 Repeat treatment as necessary. For best results use above 45°F.

Heavy Cleaning: Use full strength or dilute up to 4:1 with water. (oil, grease, carbon deposits, etc.)

Medium Cleaning: Dilute up to 10:1 with water. (restrooms, counters, sinks, showers, tubs, tile, decks, marine fiberglass & gelcoat, canvas, etc.) Recommended for regular maintenance.

Light Cleaning: Dilute up to 20:1 with water. (vinyl, linoleum, laminates, marble, granite, decorative concrete, colorfast carpet, upholstery, etc.)
